# EXECUTIVE SUMMARY

**Kanika Sinha,**  
Convener, ComMutiny -  
The Youth Collective  
Co-Anchor, The vartaLeap  
Coalition

The crisis the world faced this year, brought to the surface just how interconnected and interdependent we are. As the ComMutiny-vartaLeap ecosystem responded instinctively to the COVID-19 crisis with relief efforts, we realized that working towards individual and collective wellbeing was just as important as saving lives.

SaathNirbhar: Wellbeing Together, COVID-19 Response (Relief and Recovery) reached 6.2 Lakhs People across 17 states in the country. Recognition from the World Economic Forum's COVID Response Alliance for Social Entrepreneurs as one of India's Top 50 COVID-19 Last Mile Responders, was a celebration of what is possible when we collaborate while playing to our strengths, individually and collectively. The renewed energy and collective solidarity we found in these challenging times, has now become a hallmark of the coalition.

Our continued focus on nurturing spaces for youth leadership and active citizenship led to scaling with soul (scouling) of the Samvidhan LIVE! Be A Jagrik, Samjho Toh: The Samvidhan LIVE! Dialogues and Fraternity Labs and the Wellbeing innovations, Togetherness Table and Q-ki Championship. Apart from scouling these tested innovations, we have also designed and piloted Gender Jagrik (Inspired Insider Initiative).

Ashraf Patel, Co-Founder of Pravah, ComMutiny and the vartaLeap Coalition was recognised as one of 15 Global Social Innovators for 2022 by Schwab Foundation at the World Economic Forum. This recognition for the sector has helped to strengthen the narrative of 'Every Youth a Jagrik' and has spotlighted the need for 'Every Space Nurturing Jagriks'. In addition to this, our Amplification efforts have led to over 30 media stories and 21.8 M social media impressions.

Having emerged from the pandemic stronger and perhaps wiser, we are privileged to have a diverse and rich community that endeavours to co-create a Jagrik Jahan, where intergenerational solidarities help to shape a sustainable, just and equal world.

# APPROACH

## Vision

Moving youth-centric development from the margins and making it a new norm in every space that young people occupy or that impacts young people, beyond the youth sector with the shared mission...

***Every Youth a \*Jagrik, Every Space Nurturing Jagriks***

*\*Jagriks are self-awakened, aware and active citizens who are being the change they want to see in the world.*

## Approach

The **5th Space** is a space that exists beyond and between the 4 legitimate spaces occupied by youth that are Family, Friends, Education/ Career and Leisure/ Entertainment. These erstwhile spaces for youth are more often than not governed by others, the rules of these spaces and the norms are not set by young

people. The 5th Space alternatively is governed by young people and rejects the instrumentalist view towards young people. It focuses on transforming young people by engaging them in social change and promoting their social action experiments. It nurtures social inclusion and holistic development by fostering feelings of **freedom, ownership, love, learning and social hope**.

## Strategies

ComMutiny-vartaLeap Strategies include

- **Aggregating 5th Spaces** - Bringing together and synergizing a cross-sectoral stakeholders into a robust coalition.
- **Accelerating 5th Spaces** - Designing, piloting and scouling (scaling with soul), youth centric experiences to address current psychosocial, economic and ecological needs of young people.
- **Amplifying 5th Spaces** - Narratives to shift norms on youth centric development across sectors.

The ComMutiny-vartaLeap ecosystem is a diverse and collaborative community of practice that continues to stay and flourish together because of the voluntary energy of the members that drives the collective. The members of the ecosystem ensure that our shared vision of “Every Youth a Jagrik, Every Space Nurturing Jagriks” is heard, understood, and amplified across the world and reflects in their engagement in the communities and stakeholders they work with.

More than 250 members nurture the collective with their time, passion, love and attention by participating in various working groups and/ or vartaLabs (innovation labs) to take the mission of ‘Every Youth a Jagrik, Every Space Nurturing Jagriks’ forward. Community building spaces like **Bonding Nights**, **Cinder Nights**, **Learning Day** and **Shukraguzar Hour** are regularly hosted by and for members to strengthen solidarity and celebrate the collective spirit.

The Annual vartaLeap Treat #6 SaathNirbhar: Our Inside-Out Wellbeing Story was a celebration of solidarity, friendships and the collaborative youth-centric impact that have been nurtured especially over the last year. This confluence through 3 half days (2nd, 3rd and 4th September 2021) allowed members to delve deeper into the year that was - all knitted around the theme of interdependence and interconnectedness. Together, we reflected on and evaluated vartaLeap’s journey, and co-created forward looking strategies.

# ACCELERATING 5TH SPACES

Through co-designing, piloting and scaling youth-centric innovations and creating learning resources, we have been responsive to some of the most pressing needs and issues that affect young people in the current context. As these innovations are adopted and adapted by a large number of youth engaging organisations across the country, it strengthens the best practices for youth development like the FLOWING design principle that have been co-created in the vartaLeap Coalition.

The members who had a strong presence in the grassroots became the last mile responders by reaching hundreds of marginalized communities. At a time when isolation, despair and hopelessness was being experienced by over 90% of the country, the shared feelings of collective love, leadership and solidarity that emerged from the #SaathNirbhar (interdependent) experience inspired us to take it out to the world.
