## JABARDAST JAGRIK JOURNIES

In phase 1 of the journey, the Jagriks experienced dialoguing, collaborating and co-creating a shared vision of India thus opening doors for norm shift using narrative. In phase 2, these Jagriks transition to become the Jabardast Jagriks by setting up Fraternity labs in their communities. They identify, deep dive and unpack the highly polarizing topics/themes and rewrite these stories by bringing in multiple viewing points and the Constitutional lens.
