

After the success of the Q-Ki national championship in 2021 we have taken a step forward into a regional edition in Jharkhand. This programme demonstrate understanding of wellbeing as associated with the capacities of collaboration, co-creation, dialoguing and empathy towards building resilient communities in addition to enhanced 'emotional literacy'.

12 Districts: Deoghar, Dhanbad, Bokaro, Koderma, Saraikella Kharswan, West Singhbhum, Pakur, Godda, Palamau, Ranchi, East Singhbhum, Giridih

“The Q-ki event has been such a memorable experience for me and my team. We got to know so much about problems of the society and tried to find solutions for them. While working as a team, it taught us about teamwork and consistency. And I take a sense of honour in knowing the fact that I was able to spread this awareness to our viewer through our acts. - A Q-ki Participant
